SECRETARY

July 13, 1942

Mr. Emil Filber
1625 North Eighteenth Street
Milwaukee, Wisconsin

My dear Mr. Filber:

It is my understanding that you are the Wisconsin Section Manager of the American Radio Relay League. We are extremely interested to ascertain the possibilities of using amateur radio in activating the state in case of actual air raid.

It is my understanding that you are limited to 112 megacycles, which frequency will only cover 10 to 20 miles. I am wondering if it will be possible for us to have a conference with you at an early date to see if it would be possible and practical to relay from county to county, in order to get a coverage supplementing our present telephone warning system.

Please let me hear from you at your earliest convenience.

Sincerely yours,

WISCONSIN COUNCIL OF DEFENSE
Ralph S. Kingsley, Chairman

By

L. F. Thurwachter

Commander, Citizens Defense Corps
